Hi Taylor,

Kellogg Community College is unable to attend the committee meeting to consider HB 6378. Please note that KCC is supportive of the reasonable approach of the modified HB 6378 to bring resolution of the issue of various community colleges not reporting part-time students' wages to MPSERS and making the related contributions. However, please recognize I believe such omission was not intentional, but a misinterpretation due to differences between federal and state regulations regarding the treatment of part-time students for various purposes. Please let me know if I can be of further assistance.
